INTRODUCTION

Connecticut law requires insurance producers to meet continuing education (CE) requirements each 24-month licensing period. To meet these requirements, producers must take courses approved for Connecticut Insurance Continuing Education. This information handbook contains the information required for instructors to become registered, as well as information for course providers to become approved and have their courses approved for Connecticut Insurance Continuing Education and Pre-Licensing Education.

Connecticut insurance producers need to comply with Connecticut's regulation entitled "Suitability in Annuity Transactions," Connecticut Regulation sections 38a-432a-1 through 38a-432a-8. Please refer to Bulletin L-18 which specifically addresses the education portion of this Regulation entitled "All Insurers and Producers with a Life Line of Authority and Continuing Education Providers Offering Annuity Training" which is located on the Connecticut Insurance Department website at www.ct.gov/cid.

Approved annuity courses are listed on the Department's website at:

<https://portal.ct.gov/-/media/CID/CTQualifiedAnnuityCourses.pdf>.

Pearson VUE administers this continuing education (CE) program and pre-licensing education (PLE) program in partnership with the Connecticut Insurance Department. Online services are provided through State Based Systems (SBS), https://statebasedsystems.com/solar/service_org.html.

Providers must be approved by the Department to participate in the CE program. Courses must be reviewed by Pearson VUE before courses may be taught for credit. **Providers must submit courses for approval at least 60 days before their first presentation.** Approvals for CE courses are valid for a 24-month period beginning with the approval date and must be renewed each 24-month period. Pearson VUE will send course renewal notices by email through SBS systems 60 days before expiration. Provider approvals are active as long as the provider has an active course. Individual providers must register instructors before they may teach their CE courses. **Instructor registrations are perpetual and need not be renewed.** Pre-licensing education courses and providers' registrations must be renewed on a two-year cycle. **Course schedules and instructor registrations are not required for PLE courses.**

Excess credits up to 24 hours completed during the current renewal period may be carried forward to the next renewal period.

Course applications will be reviewed and approved or disapproved within 60 days of receipt by Pearson VUE. Incomplete submissions may delay the review process. Courses are considered received when Pearson VUE receives all necessary materials. **Incomplete submissions may result in disapproval.** Samples of acceptable and unacceptable outlines are on pages 12 and 13.

Any of the materials in this handbook may be photocopied.

CE and PLE Fees			
Provider approval	\$25	Provider renewal	\$0
Course approval	\$25	Course renewal	\$25
Instructor Registration	\$0 (not required for PLE)		
Banking Fees	\$1.50 Per Credit Hour, per producer.		

This *Insurance Producer Continuing Education Handbook and FAQs* and other CE/PLE information are also available through our website: <https://www.pearsonvue.com/us/en/ct/insurance.html>. **Providers may also enter and edit course offering schedules using SBS for Organizations Provider Service:** https://statebasedsystems.com/solar/service_org.html.

Schedules for all CE course offerings must schedule using **SBS for Organizations Provider Service**: https://statebasedsystems.com/solar/service_org.html at least 15 calendar days before the course is offered. Changes and cancellations must be sent to Pearson VUE or entered on www.statebasedsystems.com as soon as known and, in all instances, before the scheduled date. Providers must upload their roster submissions for CE courses to **SBS for Organizations Provider Service** within 15 calendar days of the course completion. Providers will receive a confirmation of all rosters submitted. Producers will receive a confirmation of compliance status only when they reach compliance. Providers may report rosters using **SBS for Organizations Provider Service**: https://statebasedsystems.com/solar/service_org.html.

Providers must provide a course completion certificate to each student who successfully completes a course. A recommended format is on page 18.

Connecticut participates in the **NAIC CE Reciprocity Agreement**. If you are a provider domiciled in a participating state, you may submit the course applications based on this reciprocity. See the instructions on page 15 for details.

Complete details about CE requirements for producers are in the *Connecticut Insurance Producer Continuing Education Handbook and FAQs*. The handbook may be viewed on our website <https://www.pearsonvue.com/us/en/ct/insurance.html>. Producers can check their compliance status and view their transcript **using SBS License Manager**: <https://sbs.naic.org/solar-external-lookup/license-manager>.

CONNECTICUT INSURANCE DEPARTMENT CONTINUING EDUCATION PROGRAM REQUIREMENTS FOR PROVIDERS

These requirements have been adopted by the Connecticut Insurance Department. Failure to comply with the program requirements may result in the suspension or termination of the provider's authorization to offer courses.

GENERAL PROGRAM INFORMATION AND REQUIREMENTS

1. All requests for approval of new or revised courses must be submitted at least 60 days before the initial offering of the course. Courses must be submitted online at www.statebasedsystems.com. Select *Connecticut* from the Jurisdiction dropdown and if you haven't already done so, click *Sign-up for SBS for Organizations Provider Services*.
2. Providers must publish and abide by a refund policy that is subject to Department approval.
3. Providers are bound by the decisions of the Department regarding course approval and credit hours allowed.
4. Only courses reviewed by Pearson VUE may be offered for Connecticut CE credit. No course may be conducted for credit until approval has been received in writing.
5. No course may be advertised or otherwise promoted as appropriate for Connecticut CE credit until it has been approved in writing.
6. When a course has been approved for continuing education credit and is advertised as such, the advertisement shall include:
 - the provider name and course title;
 - The statement "Approved by the State of Connecticut Insurance Department for insurance producer continuing education credit." Use of this statement does not imply endorsement by the State of Connecticut Insurance Department;
 - the number of approved credit hours;
 - the type of licensee for whom the course would be most applicable; and
 - All fees and associated expenses.
7. Once approved, a course may not be substantially altered without a new application (including fee) being submitted to and approved by Pearson VUE. A substantial alteration is any change that would modify the content or time allocations stated in the course outline or would change any of the course topics. A change in the focus of a course where all or significant portions are based on a particular concept (ISO policy form, policy type, etc.) would be considered substantial. A change to update a minor point (change in Medicare deductibles, changes in estate tax limits, etc.) would not be considered substantial.
8. Fifty minutes of instruction will qualify for one CE credit. Registration, coffee and lunch breaks, and social hours do not qualify for CE credit. Breaks and their duration must be indicated on the outline. It is suggested that a 10-minute break be allowed for each 50 minutes of instruction or a 15-minute break after one and a half hours of instruction. For programs lasting six hours or more, a lunch break of at least 30 minutes is suggested.
9. No partial hours will be awarded. Anything less than 50 minutes will be rounded down.
10. Course reviews are based on material received with the application. Applications that are incomplete, unclear, or lacking in detail are subject to disapproval.
11. Course outlines must highlight the segments for which Connecticut law and regulations and/or ethics credits are sought. At least 50 continuous minutes of such content must be found in order for Connecticut law and regulations and/or ethics credits to be granted.

12. Course providers must allow representatives of Pearson VUE and/or its designees, and employees of the Department and/or its designees, in an official capacity, to audit classroom course instruction, course materials, instructors' presentations, course records, and records of examination, attendance rosters, and other aspects of instruction. They may not be hindered, obstructed, delayed, or interfered with while conducting or attempting to conduct an audit. Audits will be conducted with a minimum of disruptions. Auditors may attend any course offered for the purpose of the audit without paying any fee. Providers grant Pearson VUE and the Department the right to audit and/or inspect course records at the premises of the provider or at the physical location of the records.
13. Providers must keep all records of enrollments, records of examination, course records, and requests for duplicate course completion certificates on file for four years. These records must be available to Pearson VUE or the Department upon request.
14. Providers will periodically conduct an evaluation of their courses and instructors.
15. Providers must report to the Department within 30 days any disciplinary action taken against that provider by another state licensing authority.

CLASSROOM COURSES

16. Providers must inform Pearson VUE of the date, time, and location of each CE classroom course at least 15 calendar days prior to presenting. Further, providers must notify Pearson VUE immediately when a change is made in date, time, and/or location and in all instances before the scheduled date. Failure to inform Pearson VUE may result in courses being denied approval or current approvals being revoked.
Those providers with both the full credit and reduced number of credits need only submit schedules for the full credit course.
17. All classroom courses must have attendance verified through periodic roll call, sign-in/sign-out sheet; attendance and door monitor tickets, or other approved means of taking attendance. Only students meeting minimum attendance requirements may receive credit for course completion. Attendance records must be retained for four years.
18. Producers are required to present picture identification to the course administrator upon admittance.
19. A reduced number of credits should be awarded under certain conditions to students who attend less than 100 percent of the scheduled course time. Attendance requirements include:
 - if six credit hours or less are assigned to a course, the producer must attend 100 percent of the course to receive any credit hours;
 - if more than six credit hours are assigned to a course, and the producer passes the provider-required examination for the course, and attends at least 80 percent of the course, the producer will receive 100 percent of the credit hours assigned to the course;
 - if more than six credit hours are assigned to a course, and the producer does not pass the required examination for the course but attends at least 80 percent of the course, the producer will receive 70 percent of the credit hours assigned to the course;
 - if more than six credit hours are assigned to a course for which there is no examination, and the producer attends 100 percent of the course, the producer will receive 100 percent of the credit hours assigned to the course;
 - if more than six credit hours are assigned to a course for which there is no examination, and the producer attends at least 80 percent but less than 100 percent of the course, the producer will receive 70 percent of the credit hours assigned to the course; and
 - reduced credit hours will be rounded to the nearest whole number.
- **Pearson VUE automatically issues a second course approval for each classroom course approved for seven or more credits to accommodate this program requirement.**

20. Providers are required to report course completion rosters within 15 calendar days of course completion. Providers must distribute course completion certificates to all individuals who meet the requirements of the CE course within 15 calendar days of course completion.
21. Providers should make students aware that producers cannot receive CE credit for both a self-study (examination) course and a classroom course based on the same published materials.
22. Producers will earn credit only once for a course completed in the current biennium regardless of the number of times the same course is taken. However, the producer may take the same course again and receive credit in a subsequent biennium.
23. For classroom courses, credit for time spent on review quizzes or exams covering approved material will be provided only if immediate feedback or discussion is provided to the participants.
24. Courses conducted as video conferences must be submitted as classroom courses. A registered instructor must be present to respond to questions. A list of all locations must be submitted with the schedule.

QUALIFYING/NON QUALIFYING COURSE SUBJECTS

25. For courses to qualify, they must:

- be a formal program of learning, which contributes directly to the professional competence of a producer;
- have significant intellectual or practical content to enhance and improve the insurance knowledge of the participants;
- include an indication of the level of ability required to benefit from the course on the basis of basic, intermediate, or advanced levels;
- include a bibliography of reference sources, if any; and
- include a list and sample of supplemental teaching aids, if any

26. The following are not approved courses:

- courses approved for pre-license training;
- courses in **1)** mechanical office or business skills (including typing, speed reading, etc.); **2)** the use of calculators, computers, or other machines or equipment; **3)** the use of computer software or equipment except in computer-based needs analysis or computer solutions to risk management as related to insurance customers;
- **4)** accounting or tax preparation in connection with the business of the producer; **5)** the organizational procedures and internal policies of an individual insurer; **6)** motivation; **7)** salesmanship or sales promotion, including meetings held in conjunction with the general business of the producer; or **8)** courses that are primarily intended to impart knowledge of specific products of specific insurers, if the use of the products relates to sales promotion or marketing of one or more of the products discussed.

SELF-STUDY COURSES

27. Applications for self-study courses must include a copy of all materials that a student must study in order to pass the exam. The materials may be in the form of paper, diskette, CD or other electronic medium. In addition, a word count excluding glossaries, indexes, tables of contents and appendices must be included. If the required materials and information are not included, the course may be disapproved. A copy of one version of the exam must be submitted with the course materials. Self-study exams must contain at least 25 questions. The number of questions must increase proportionately as the amount of material increases up to a suggested maximum of 75 questions for very large courses. It is suggested that all questions should be four-alternative multiple choice or completion format and that the use of True/False questions be avoided.

28. Self-study examinations must be proctored by a disinterested third party in the manner described by the provider and be consistent with the course as approved by Pearson VUE. The proctor must complete an Affidavit of Personal Responsibility (see page 14). A disinterested third party is a person who is not in the direct line of supervision of nor has any financial interest in the success of the person taking the examination. The proctoring process must ensure the examination will be completed by the student, on a closed-book basis without assistance. Exams must be sealed until the exam starts. The proposed exam will be approved as part of the course approval process. Actual course materials are required to be submitted with the application. Credit hours are determined by the estimated study time adjusted by the percentage of the course content that is acceptable as CE. Credit will be allowed only if the student passes the exam with a score of 70 percent or higher.

A disinterested third party is a person who is not in the direct line of supervision of nor has any financial interest in the success of the person taking the examination. *This is defined as someone other than a **relative**, friend or business associate. A disinterested third party is someone with no conflict of interest, financial or otherwise. An example of someone who is a disinterested third party is a librarian or test center employee. An example of someone who is NOT a disinterested third party is a **family member** (both immediate and extended; in-laws included) or a coworker who is above/below your line of supervision.*

Remote Proctoring is Permitted.

29. Self-study courses presented via the Internet must adhere to the same requirements as other self-study methods. The exam may be presented via the Internet, but it must be completely separated from the text while the exam is being presented. Remote Proctoring is permitted. The same affidavit requirement for proctors is in effect. Providers must provide Pearson VUE with the means to verify the exam procedures.

WEBINARS

30. Webinar courses must follow standard classroom policies in addition to the below stated rules:
- Must be submitted as classroom courses
 - A separate course submission is required for webinar courses
 - Final exams are not required for webinars
 - Providers must have a process to determine when a participant is inactive or not fully engaged, such as when the screen is minimized or the participant does not answer the polling questions or verification codes.
 - For webinars not given in a group setting, no less than two polling questions and/or attendance verification codes must be asked, with appropriate responses provided, at unannounced intervals during each one-hour webinar session to determine participant attentiveness.
 - Students in all locations must be able to interact in real time with the instructor and should be able to submit questions and/or comments at any point during the webinar session.
 - The provider must have a procedure that informs the students in advance of the course participation requirements and consequences for failing to actively participate in the course.

These requirements have been adopted by the Connecticut Insurance Department as specified by Connecticut statutes Chapter 702 Sec. 38a-769 (formerly Sec. 38-72). INSTRUCTIONS FOR COMPLETING THE COURSE OFFERING SCHEDULE

Complete schedules are required for all classes presented for Connecticut CE credit. Schedules are used for course audits and for comparing schedule date to course completion date. Schedules for PLE courses are not required.

Report all course offerings to Pearson VUE at least 15 calendar days in advance of conducting the course. Notify Pearson VUE immediately of course offering changes or cancellations; this notification must be done before the class.

You may enter, edit and view course offering schedule information: https://statebasedsystems.com/solar/service_org.html.

Failure to report scheduled classes or to report changes may result in noncompliant audit findings, which can affect provider status with the Connecticut Insurance Department.

CHANGES OR CANCELLATIONS

It is often convenient for the provider to indicate cancellations or changes on a copy of the form originally used for reporting the class that is now being changed. If using this method, include a copy of the original schedule and clearly indicate that changes have been made.

COMPLETING THE FORM

Schedule information may, at the discretion of Pearson VUE, be accepted in another format. At time of online submission, the provider must provide all of the information listed.

LOCATION

Indicate city, state, complete street address with suite number, building name, if applicable, and ZIP code. If the course will be held in a hotel or restaurant, indicate the name of the hotel or restaurant. If the course will be held at an agency or insurance company, give the name of the firm where the course will be held.

SCHEDULE

Indicate the dates held and beginning and ending times for the courses. If the course is part of a longer training session including non-approved material, indicate only the time for the approved section. Weekly classes must give day of week, number of sessions, beginning and ending dates, and any dates class will not be held.

CONTACT PERSON AND PHONE

The contact person at the location is often the instructor or registrar/door monitor. Indicate the phone number at the location of the class, not the provider's office phone.
